

NAOSH WEEK

May 6 - 12, 2018

Make Safety a Habit: People, Purpose, Passion

Attend one of Saskatchewan's esteemed luncheons in support of North American Occupational Safety and Health (NAOSH) Week.

"The challenge of change is forcing us to rethink our values and to rekindle our spirit of adventure. It will take courage, resourcefulness and endurance to meet this challenge - the courage to try and to commit; the resourcefulness to be innovative and creative in finding new ways of doing old things; and the endurance to keep moving forward despite all the setbacks."- **John Amatt**

John is Founder & President of One Step Beyond WorldWide, an innovative educational and motivational company, whose mission is to encourage people to push beyond their self-imposed limitations, to be more personally accountable for the results of their own actions, and to embrace effective teamwork by valuing the contribution of others.

Featuring Guest Speaker: **John Amatt** An educator by training, he uses the lessons learned from his own life-and-death adventures in the world's most remote places to

articulate down-to-earth strategies for meeting the challenges of change in corporate and professional life. John Amatt knows about tough times and the value of struggle in bringing out the best in teams of people! He was the leader of an Everest expedition, which suffered four tragic deaths in two unpredictable incidents before putting six climbers on top of the world. His experience on Everest taught him about the danger of falling into the trap of complacency and the importance of always questioning the status quo in seeking new ways of adapting to a rapidly changing world.
